

TEWKSBURY YOUTH SOCCER LEAGUE

Travel Registration Policy

Travel Program registration will be open online through the TYSL website (www.tewksburyyouthsoccer.org) every year during the months of May and October. May 1st through May 31st represents the early registration period for fall soccer season and October 1st through October 31st represents the early registration period for Spring soccer season.

After the close of the early registration period on either May 31st or October 31st, online travel registration will remain open for a limited duration (TBD) with a \$50.00 late fee. All programs are first-come, first-served with players placed on a waiting list if no roster space is available.

Once the online Travel Program registration period closes, members will only be able to register a player by emailing the Travel Director at . The Travel Director will then verify whether there is available roster space to accommodate the late registration. If space is available, the Travel Director will request that the Registrar submit a registration for the player. Once the Registrar completes the player registration, the parent/guardian will then be notified to access their account and pay the Registration Fee (including Late Fee). NOTE: The registration is NOT accepted nor is the player placed onto a roster until all fees have been paid.

TYSL advises that members register players as early as possible. TYSL will not waive Late Registration Fees due to technical difficulties beyond its control.
